

Name of the Groundwater Body	Locally used name of the Gwbody		Aggtelek Mts
EuropeantransboundaryGWBCode	Internationally agreed code for a transboundary GW body e.g. 5 (Mures / Maros) if the concerning GWB is a member of them		10
EuropeanGWBCode	European code of the GW body e.g. HU_SP.2.16.1		HU_K.2.2
Measures (Basic and other basic measures)			
Basic measures (Directive listed in Annex VI Part A)	Measures implemented to adress ... (tick if yes) poor status/risk for Quality poor status/risk for Quantity		Explanatory Keywords: for non EU-Member States - add information on corresponding national legislation
Drinking Water Directive (80/778/EEC) as amended by Directive (98/83/EC)			
Urban Waste-water Treatment Directive (91/271/EEC)			
Plant Protection Products Directive (91/414/EEC)			
Nitrates Directive (91/676/EC)			
Habitats Directive (92/43/EEC)			
Integrated Pollution Prevention Control Directive (96/61/EC)			
Other basic measures as required by Article 11(3)(b-I)	Measures implemented to adress ... (tick if yes) poor status/risk for Quality poor status/risk for Quantity		Explanatory Keywords: for non EU-Member States - add information on corresponding national legislation
Measures for the protection of water abstracted for drinking water (Article 7) including those to reduce the level of purification required for the production of drinking water (note: these basic measures may not apply to the whole territory)			
Controls over the abstraction of fresh surface water and groundwater and impoundment of fresh surface waters including a register or registers of water abstractions and a requirement for prior authorisation of abstraction and impoundment			
Controls, including a requirement for prior authorisation of artificial recharge or augmentation of gwbodyes			
Requirement for prior regulation of point source discharges liable to cause pollution			
Prohibition of direct discharge of pollutants into groundwater			

Name of the Groundwater Body	Locally used name of the Gwbody	Aggtelek Mts
EuropeantransboundaryGWBCode	Internationally agreed code for a transboundary GW body e.g. 5 (Mures / Maros) if the concerning GWB is a member of them	10
EuropeanGWBCode	European code of the GW body e.g. HU_SP.2.16.1	HU_K.2.2
Any measures required to prevent significant losses of pollutants from technical installations and to prevent and/or reduce the impact of accidental pollution incidents		
Need for Supplementary/Additional Measures WFD Article 11(4) and 11(5)		
Will the basic measures identified above be sufficient to address the significant Pressures	Yes, No	
Name of the Groundwater Body	Locally used name of the Gwbody	Szatmár-lowland
EuropeantransboundaryGWBCode	Internationally agreed code for a	6
EuropeanGWBCode	European code of the GW body e.g.	HU_P.2.1.2
Measures (Basic and other basic measures)		
Basic measures (Directive listed in Annex VI Part A)	Measures implemented to adress ... poor status/risk for poor status/risk for Quality	Explanatory Keywords: for non EU- Member States - add information on corresponding national legislation
Drinking Water Directive (80/778/EEC) as amended by Directive (98/83/EC)	x	
Urban Waste-water Treatment Directive (91/271/EEC)		
Plant Protection Products Directive (91/414/EEC)		
Nitrates Directive (91/676/EC)		
Habitats Directive (92/43/EEC)		
Integrated Pollution Prevention Control Directive (96/61/EC)		
Other basic measures as required by Article 11(3)(b-I)	Measures implemented to adress ... poor status/risk for poor status/risk for Quality	Explanatory Keywords: for non EU- Member States - add information on corresponding national legislation
Measures for the protection of water abstracted for drinking water (Article 7) including those to reduce the level of purification required for the production of drinking water (note: these basic measures may not apply to the whole territory)		
Controls over the abstraction of fresh surface water and groundwater and impoundment of fresh surface waters including a register or registers of water abstractions and a requirement for prior authorisation of abstraction and impoundment		
Controls, including a requirement for prior authorisation of artificial recharge or augmentation of gwbodyes

Drinking Water Directive (80/778/EEC) as amended by Directive (98/83/EC)	x	

Name of the Groundwater Body	Locally used name of the Gwbody	Aggtelek Mts
EuropeantransboundaryGWBCode	Internationally agreed code for a transboundary GW body e.g. 5 (Mures / Maros) if the concerning GWB is a member of them	10
EuropeanGWBCode	European code of the GW body e.g. HU_SP.2.16.1	HU_K.2.2
Urban Waste-water Treatment Directive (91/271/EEC)		
Plant Protection Products Directive (91/414/EEC)		
Nitrates Directive (91/676/EC)		
Habitats Directive (92/43/EEC)		
Integrated Pollution Prevention Control Directive (96/61/EC)		
Other basic measures as required by Article 11(3)(b-I)	Measures implemented to adress ... poor status/risk for poor status/risk for Quality Quantity	Explanatory Keywords: for non EU-Member States - add information on corresponding national legislation
Measures for the protection of water abstracted for drinking water (Article 7) including those to reduce the level of purification required for the production of drinking water (note: these basic measures may not apply to the whole territory)		
Controls over the abstraction of fresh surface water and groundwater and impoundment of fresh surface waters including a register or registers of water abstractions and a requirement for prior authorisation of abstraction and impoundment		
Controls, including a requirement for prior authorisation of artificial recharge or augmentation of gwbodyes		
Requirement for prior regulation of point source discharges liable to cause pollution		
Prohibition of direct discharge of pollutants into groundwater		
Any measures required to prevent significant losses of pollutants from technical installations and to prevent and/or reduce the impact of accidental pollution incidents		
Need for Supplementary/Additional Measures WFD Article 11(4) and 11(5)		
Will the basic measures identified above be sufficient to address the significant Pressures	Yes, No	
Name of the Groundwater Body	Locally used name of the Gwbody	Danube-Tisza interfluve -Tisza-catchmnet, northern part
EuropeantransboundaryGWBCode	Internationally agreed code for a	
EuropeanGWBCode	European code of the GW body e.g.	HU_P.2.10.1

Name of the Groundwater Body	Locally used name of the Gwbody	Aggtelek Mts
EuropeantransboundaryGWBCode	Internationally agreed code for a transboundary GW body e.g. 5 (Mures / Maros) if the concerning GWB is a member of them	10
EuropeanGWBCode	European code of the GW body e.g. HU_SP.2.16.1	HU_K.2.2
Measures (Basic and other basic measures)		
Basic measures (Directive listed in Annex VI Part A)	Measures implemented to adress ... poor status/risk for Quality	poor status/risk for Quantity Explanatory Keywords: for non EU-Member States - add information on corresponding national legislation
Drinking Water Directive (80/778/EEC) as amended by Directive (98/83/EC)		
Urban Waste-water Treatment Directive (91/271/EEC)		
Plant Protection Products Directive (91/414/EEC)		
Nitrates Directive (91/676/EC)		
Habitats Directive (92/43/EEC)		
Integrated Pollution Prevention Control Directive (96/61/EC)		
Other basic measures as required by Article 11(3)(b-I)	Measures implemented to adress ... poor status/risk for Quality	poor status/risk for Quantity Explanatory Keywords: for non EU-Member States - add information on corresponding national legislation
Measures for the protection of water abstracted for drinking water (Article 7) including those to reduce the level of purification required for the production of drinking water (note: these basic measures may not apply to the whole territory)		
Controls over the abstraction of fresh surface water and groundwater and impoundment of fresh surface waters including a register or registers of water abstractions and a requirement for prior authorisation of abstraction and impoundment		
Controls, including a requirement for prior authorisation of artificial recharge or augmentation of gwbodyes		
Requirement for prior regulation of point source discharges liable to cause pollution		
Prohibition of direct discharge of pollutants into groundwater		
Any measures required to prevent significant losses of pollutants from technical installations and to prevent and/or reduce the impact of accidental pollution incidents		
Need for Supplementary/Additional Measures WFD Article 11(4) and 11(5)		
Will the basic measures identified above be sufficient to address the significant Pressures	Yes, No

Other basic measures as required by Article 11(3)(b-I)	Measures implemented to adress ... poor status/risk for Quality	poor status/risk for Quantity	Explanatory Keywords: for non EU-Member States - add information on corresponding national legislation

Name of the Groundwater Body	Locally used name of the Gwbody	Aggtelek Mts
EuropeantransboundaryGWBCode	Internationally agreed code for a transboundary GW body e.g. 5 (Mures / Maros) if the concerning GWB is a member of them	10
EuropeanGWBCode	European code of the GW body e.g. HU_SP.2.16.1	HU_K.2.2
Measures for the protection of water abstracted for drinking water (Article 7) including those to reduce the level of purification required for the production of drinking water (note: these basic measures may not apply to the whole territory)		
Controls over the abstraction of fresh surface water and groundwater and impoundment of fresh surface waters including a register or registers of water abstractions and a requirement for prior authorisation of abstraction and impoundment		x
Controls, including a requirement for prior authorisation of artificial recharge or augmentation of gwbodyes		
Requirement for prior regulation of point source discharges liable to cause pollution		
Prohibition of direct discharge of pollutants into groundwater		
Any measures required to prevent significant losses of pollutants from technical installations and to prevent and/or reduce the impact of accidental pollution incidents		
Need for Supplementary/Additional Measures WFD Article 11(4) and 11(5)		
Will the basic measures identified above be sufficient to address the significant Pressures	No	Quantity
Name of the Groundwater Body	Locally used name of the Gwbody	Rétköz, shallow
EuropeantransboundaryGWBCode	Internationally agreed code for a	
EuropeanGWBCode	European code of the GW body e.g.	HU_SP.2.4.2

Need for Supplementary/Additional Measures WFD Article 11(4) and 11(5)			
Will the basic measures identified above be sufficient to address the significant Pressures	No		both
Name of the Groundwater Body	Locally used name of the Gwbody		Danube-Tisza interfluve, Lower Tisza-valley, shallow
EuropeantransboundaryGWBCode	Internationally agreed code for a		7
EuropeanGWBCode	European code of the GW body e.g.		HU_SP.2.11.2
Measures (Basic and other basic measures)			
Basic measures (Directive listed in Annex VI Part A)	Measures implemented to adress ... poor status/risk for Quality	Measures implemented to adress ... poor status/risk for Quantity	Explanatory Keywords: for non EU-Member States - add information on corresponding national legislation
Drinking Water Directive (80/778/EEC) as amended by Directive (98/83/EC)			
Urban Waste-water Treatment Directive (91/271/EEC)			
Plant Protection Products Directive (91/414/EEC)			
Nitrates Directive (91/676/EC)	x		
Habitats Directive (92/43/EEC)			
Integrated Pollution Prevention Control Directive (96/61/EC)			
Other basic measures as required by Article 11(3)(b-l)	Measures implemented to adress ... poor status/risk for Quality	Measures implemented to adress ... poor status/risk for Quantity	Explanatory Keywords: for non EU-Member States - add information on corresponding national legislation
Measures for the protection of water abstracted for drinking water (Article 7) including those to reduce the level of purification required for the production of drinking water (note: these basic measures may not apply to the whole territory)			

Name of the Groundwater Body	Locally used name of the Gwbody	Aggtelek Mts
EuropeantransboundaryGWBCode	Internationally agreed code for a transboundary GW body e.g. 5 (Mures / Maros) if the concerning GWB is a member of them	10
EuropeanGWBCode	European code of the GW body e.g. HU_SP.2.16.1	HU_K.2.2
Controls over the abstraction of fresh surface water and groundwater and impoundment of fresh surface waters including a register or registers of water abstractions and a requirement for prior authorisation of abstraction and impoundment		
Controls, including a requirement for prior authorisation of artificial recharge or augmentation of gwbodyes		
Requirement for prior regulation of point source discharges liable to cause pollution		
Prohibition of direct discharge of pollutants into groundwater		
Any measures required to prevent significant losses of pollutants from technical installations and to prevent and/or reduce the impact of accidental pollution incidents		
Need for Supplementary/Additional Measures WFD Article 11(4) and 11(5)		
Will the basic measures identified above be sufficient to address the significant Pressures	No	Quality
Name of the Groundwater Body	Locally used name of the Gwbody	Körös-valley, Sárrét, shallow
EuropeantransboundaryGWBCode	Internationally agreed code for a	
EuropeanGWBCode	European code of the GW body e.g.	HU_SP.2.12.2

Measures (Basic and other basic measures)			
Basic measures (Directive listed in Annex VI Part A)	Measures implemented to adress ... poor status/risk for Quality	poor status/risk for Quantity	Explanatory Keywords: for non EU-Member States - add information on corresponding national legislation
Drinking Water Directive (80/778/EEC) as amended by Directive (98/83/EC)			
Urban Waste-water Treatment Directive (91/271/EEC)			
Plant Protection Products Directive (91/414/EEC)			
Nitrates Directive (91/676/EC)			
Habitats Directive (92/43/EEC)			
Integrated Pollution Prevention Control Directive (96/61/EC)			
Other basic measures as required by Article 11(3)(b-I)	Measures implemented to adress ... poor status/risk for Quality	poor status/risk for Quantity	Explanatory Keywords: for non EU-Member States - add information on corresponding national legislation
Measures for the protection of water abstracted for drinking water (Article 7) including those to reduce the level of purification required for the production of drinking water (note: these basic measures may not apply to the whole territory)			
Controls over the abstraction of fresh surface water and groundwater and impoundment of fresh surface waters including a register or registers of water abstractions and a requirement for prior authorisation of abstraction and impoundment			

Name of the Groundwater Body	Locally used name of the Gwbody		Aggtelek Mts
EuropeantransboundaryGWBCode	Internationally agreed code for a transboundary GW body e.g. 5 (Mures / Maros) if the concerning GWB is a member of them		10
EuropeanGWBCode	European code of the GW body e.g. HU_SP.2.16.1		HU_K.2.2
Controls, including a requirement for prior authorisation of artificial recharge or augmentation of gwbodyes			

Name of the Groundwater Body	Locally used name of the Gwbody		Aggtelek Mts
EuropeantransboundaryGWBCode	Internationally agreed code for a transboundary GW body e.g. 5 (Mures / Maros) if the concerning GWB is a member of them		10
EuropeanGWBCode	European code of the GW body e.g. HU_SP.2.16.1		HU_K.2.2
Requirement for prior regulation of point source discharges liable to cause pollution			
Prohibition of direct discharge of pollutants into groundwater			
Any measures required to prevent significant losses of pollutants from technical installations and to prevent and/or reduce the impact of accidental pollution incidents			
Need for Supplementary/Additional Measures WFD Article 11(4) and 11(5)			
Will the basic measures identified above be sufficient to address the significant Pressures	Yes, No		
Name of the Groundwater Body	Locally used name of the Gwbody		Conul Somesului, Holocen si Pleistocen superior
EuropeantransboundaryGWBCode	Internationally agreed code for a		6
EuropeanGWBCode	European code of the GW body e.g.		RO6
Measures (Basic and other basic measures)			
Basic measures (Directive listed in Annex VI Part A)	Measures implemented to adress ... poor status/risk for Quality	Measures implemented to adress ... poor status/risk for Quantity	Explanatory Keywords: for non EU-Member States - add information on corresponding national legislation
Drinking Water Directive (80/778/EEC) as amended by Directive (98/83/EC)			
Urban Waste-water Treatment Directive (91/271/EEC)

Need for Supplementary/Additional Measures WFD Article 11(4) and 11(5)		
Will the basic measures identified above be sufficient to address the significant Pressures	yes	
Name of the Groundwater Body	Locally used name of the Gwbody e.g. Maros	Aquifer horizon of middle pleistocene – contemporary of alluvial deposits (aQPII+H)
EuropeantransboundaryGWBCode	Internationally agreed code for a	UA-4
EuropeanAGWBCode	International code for an aggregated GW	n.a.
Measures (Basic and other basic measures)		
Basic measures (Directive listed in Annex VI Part A)	Measures implemented to adress ... poor status/risk for Quality	poor status/risk for Quantity Explanatory Keywords: for non EU-Member States - add information on corresponding national legislation

Name of the Groundwater Body	Locally used name of the Gwbody		Aggtelek Mts
EuropeantransboundaryGWBCode	Internationally agreed code for a transboundary GW body e.g. 5 (Mures / Maros) if the concerning GWB is a member of them		10
EuropeanGWBCode	European code of the GW body e.g. HU_SP.2.16.1		HU_K.2.2
Drinking Water Directive (80/778/EEC) as amended by Directive (98/83/EC)			*Code of Ukraine on Entrails; *Water Code of Ukraine Law of Ukraine *On Drinking Water and Drinking Water Supply" *State sanitary rules and norms "Drinking Water. Hygienic requirements to water quality in centralized drinking water supply" *Legal regime of zones of sanitary protection of water bodies (#2024-1998)
Urban Waste-water Treatment Directive (91/271/EEC)			* Instruction on Order of Calculation and Approval of Maximum Admissible Concentrations (MACs) (116 -1994); * Order of Calculation and Approval of Norms of Maximum Admissible Pollutants (#1100 -1996); * Decree of the Cabinet of Ministers "On Approval of Rules of Protection of Surface Waters from Pollution by Waste Waters" (#465 -1999); * Rules of accepting of wastewaters of enterprises into communal and institutional canalization systems of settlements in Ukraine" (#37-2002)
Plant Protection Products Directive (91/414/EEC)			Law of Ukraine "On Plant Protection"
Nitrates Directive (91/676/EC)			
Habitats Directive (92/43/EEC)			* State Sanitary Rules of Planning and Construction of Settlements 1996 #173; * On Provision of Sanitary and Epidemiological Well-being of Population (#4004-12)
Integrated Pollution Prevention Control Directive (96/61/EC)			* Law of Ukraine "On Environmental Protection" (#1264-12); * On Provision of Sanitary and Epidemiological Well-being of Population (#4004-12);
Other basic measures as required by Article 11(3)(b-I)	Measures implemented to adress ... poor status/risk for poor status/risk for Quality Quantity		Explanatory Keywords: for non EU-Member States - add information on corresponding national legislation

Name of the Groundwater Body	Locally used name of the Gwbody		Aggtelek Mts
EuropeantransboundaryGWBCode	Internationally agreed code for a transboundary GW body e.g. 5 (Mures / Maros) if the concerning GWB is a member of them		10
EuropeanGWBCode	European code of the GW body e.g. HU_SP.2.16.1		HU_K.2.2
Measures for the protection of water abstracted for drinking water (Article 7) including those to reduce the level of purification required for the production of drinking water (note: these basic measures may not apply to the whole territory)			<ul style="list-style-type: none"> * Regulations on Order of Protecting and use of Zones of Sanitary Protection of Water Supply Sources and Pipelines for communal-drinking use # 2640-82 on 18.12.82; * State standard GOCT -2874-82 "Drinking Water"; * State standard GOCT 2761-84 "Sources of Centralized Communal and Drinking Water Supply. Hygienic, Technical Requirements and Rules for Selection"; * Rules of Technical Operation of Water Supply Systems and Canalization for Settlements of Ukraine. КДП 204-12 Укр. -95; * Guidelines on Technology of Preparation of Drinking Water to Fulfill Hygienic requirements towards chlorine-organic compounds, 1989
Controls over the abstraction of fresh surface water and groundwater and impoundment of fresh surface waters including a register or registers of water abstractions and a requirement for prior authorization of abstraction and impoundment			<ul style="list-style-type: none"> * Regulations on State Environmental Monitoring (#785-93-н); * Regulations on State System of Environmental Monitoring (#391-98); * Order of Approval and Issuance of Permits for Special Water Use (#321-2002); * Regulations on Control by bodies of State Water Committee of Ukraine control over rational use, protection and restoration of water resources (#20-2001) * Instruction on Order of Issuance of Permits of Ground water in-take"

Name of the Groundwater Body	Locally used name of the Gwbody	Aggtelek Mts
EuropeantransboundaryGWBCode	Internationally agreed code for a transboundary GW body e.g. 5 (Mures / Maros) if the concerning GWB is a member of them	10
EuropeanGWBCode	European code of the GW body e.g. HU_SP.2.16.1	HU_K.2.2
Controls, including a requirement for prior authorization of artificial recharge or augmentation of gwbodyes		*Sanitary Rules of Development and Operation of Water in-takes with system of Artificial recharge of groundwater of communal-drinking water supply (1979); *Guidebook 2.04.02-84 how to design constructions for collection of groundwater (1989); * Recommendations to improve design and operation of system of artificial recharge of ground waters with open constructions in Ukraine (КДР 204 YPCP 187-86).
Requirement for prior regulation of point source discharges liable to cause pollution		Law of Ukraine "On Waste" (#3073-14)
Prohibition of direct discharge of pollutants into groundwater		Regulations on Order of Provision of Mountainair waters (#59 - 1995)
Any measures required to prevent significant losses of pollutants from technical installations and to prevent and/or reduce the impact of accidental pollution incidents		* Law of Ukraine "On Provision of Sanitary and Epidemiological Well-Being of Population" * Regulations on State Sanitary-Epidemiological Control (#1217-2002-п); *Sanitary Rules and Norms of Surface waters protection from pollution. СанПин # 4630-88; * Instruction on Conduction of State Ecological Expertise (#55 -1995); *Instruction on Control to decontaminate communal-drinking water and to disinfect water pipes by chlorine in centralized local water supply # 723a-67"
Need for Supplementary/Additional Measures WFD Article 11(4) and 11(5)		
Will the basic measures identified above be sufficient to address the significant Pressures	Yes, No	
Name of the Groundwater Body	Locally used name of the Gwbody e.g. Maros	Aquifer group in volcanic establishments of Pliocene age (N2).
