

PLATINA Interactive Conference/Workshop – Good Practices in Sustainable Waterway Planning: Putting Theory to Practice

14-15 November 2011, Brussels

Dear colleagues,

We are pleased to invite you to the PLATINA Interactive Conference/Workshop on Good Practices in Sustainable Waterway Planning on 14-15 November 2011, organized by International Commission for the Protection of the Danube River (ICPDR) and Inland Navigation Europe (INE).

The purpose of the workshop is to present the results of the work that has been done to create the PLATINA Manual on Good Practices in Navigation Planning and Environmental Protection to practitioners in the field who can use it. This means it is targeted at persons from the administrations and planning offices who are developing and carrying out navigational infrastructure projects or officials from Environment Ministries who have to respond to proposals. The workshop will discuss the application of these principles of the Manual in projects under development or planned to be developed in future.

You are cordially invited to participate in this workshop/conference, which will start with a welcome dinner on 14th and proceed on 15th of November 2011, in Brussels.

Please indicate your availability by sending an e-mail or fax to:

International Commission for the Protection of the Danube River (ICPDR):

Ms Sanja Kujundzic

e-mail: icpdr@unvienna.org

Phone: +43-1 26060 5567

Fax: +43-1 26060 5895

We look forward to receiving your confirmation of participation and welcoming you at the Conference in Brussels!

Sincerely,

Philip Weller
ICPDR Executive Secretary

Karin de Schepper
INE General Secretary
