

UNDP/GEF TISZA Project

Integrating multiple benefits of wetlands
and floodplains into improved
transboundary management for the Tisza
River Basin

Workshop Objectives

- Overview of the demonstration projects and links with Integrated Management Plan
- National discussions on replicating activities to assist with river basin management

UNDP/GEF Tisza MSP
3rd Workshop – Kosice
13th November 2009

Programme

- Update on Tisza River Management Plan
- Short presentation on each demonstration project
- Comments on the mid-term review of projects
- Group discussions to explore opportunities to replicate approaches nationally
- Feed-back from Rapporteurs
