

Reporting Format on the Monitoring of Waste Water Discharges

Reporting Format

The ICPDR Guidelines for Monitoring of Waste Water Discharges recommend that the Contracting Parties should report on the implementation every five years beginning with 2003. The following items should be answered by the Contracting Parties:

1. Update the Summary of National Practices concerning the Monitoring of Waste Water Discharges in regard to your country.
2. Give a report on the implementation of this Recommendation in your country, especially including remarks on
 - monitoring by authority
 - self-monitoring
 - sampling, analysing and storage of samples
 - documentation of monitoring.
3. Give a description of new developments concerning the monitoring of waste water discharges in your country.
